Re: Clean Air Act Civil Consent Decree with Honeywell Resins & Chemicals LLC

Dear Ms. Moreno:

By this letter, the United States Environmental Protection Agency (EPA) is referring the above-referenced Consent Decree to the Department of Justice (DOJ) for your signature and filing in the appropriate U.S. District Court. The Consent Decree resolves the Defendant's liability for a number of violations, including violations of the New Source Review requirements. The Consent Decree includes a requirement to install BACT-level controls on units alleged to have violated the New Source Review permitting requirements and secures nitrogen oxide emission reductions of approximately 6,260 tons per year.

This Consent Decree resolves all civil claims of the United States for violations alleged in the Complaint through the date of lodging of this Consent Decree.

Katherine Kane is the DOJ trial attorney assigned to this matter. Please have Ms. Kane transmit copies of the lodged Consent Decree to the EPA attorney identified below. We further request that your staff keep the EPA attorney informed of developments in this matter, including the dates of lodging and entry of the Consent Decree.

Virginia Sorrell, Attorney-Adviser
Office of Enforcement and Compliance Assurance
U.S. Environmental Protection Agency

1200 Pennsylvania Ave, NW (2242A)
Washington, DC 20460
202-564-7821

This settlement with Honeywell is the product of a joint effort by representatives of the DOJ's Environmental Enforcement Section, EPA Region 3, EPA's Office of Enforcement and Compliance Assurance, and the State of Virginia. If you have any further questions, you may contact me, or your staff may contact Phillip Brooks, Director, Air Enforcement Division at (202) 564-7106.

Sincerely,

Cynthia Giles
Assistant Administrator
